

## AFRB DIGI - ABFUHR (1125-8801001)

**Control type**  
konventionell

**Machine no.**  
1125-8801001

**Make**  
AFRB

**Location**  
Ahaus

\*\* MADE IN GERMANY \*\*

### Description:

- 3000 mm roller and measuring track type Exakt A standard
- with digital position indicator el. connection 230 V 50 HZ with power pack
- Display in mm display (measuring range: +/- 0.5 mm on 1,000 mm)
- Measuring stop can be adjusted from the workplace by means of a hand wheel
- with pneumatic brake for fixing the dimensions.
