

BERNARDO KRPS 100 x 2000 DUO (1125-9239002)

Control type
konventionell

Construction year
2018

Machine no.
1125-9239002

Make
BERNARDO

Location
Ahaus

** New price including accessories approx. 2.000 euros

** Special price on request

** Grinding rolls included in delivery

The KRPS DUO is a multifunctional grinding machine for pipe and profile end grinding on the front, for grinding edges, surfaces and for circular grinding on the back as well as for surface grinding on the top of the machine.

Equipment:

- Consistent belt tension thanks to spring-loaded clamping device
- Standard with circular grinding device
- for grinding diameters of diam. 20 - 76 mm
- Quick and easy setting of the desired grinding angle
- Graphite coating on the surface grinding surface increases the sliding properties of the grinding belt
- Large-dimensioned surface grinding surface with protective cover
- Slow belt speed (15 m/sec.)

- ideal for grinding stainless steel and aluminum
- User-friendly belt change, quick and uncomplicated
- Quick and easy changing of the grinding rollers without tools
- Various grinding angles from 30° to 90° are easily possible
- Shorter processing times compared to milling

* Special accessories included

- 5x grinding rollers

Machine attributes

width of the strips:	100 mm
band length:	2000 mm
band speed:	15.0 + 30.0 m/sec
tube diameter:	20 - 76 mm
angle adjustable from - to:	30 - 90 Grad
Dust suction hood:	2 x 75 mm
motor speeds::	1420 / 2660 Upm.
face grinding attachment:	400 x 100 mm
total power requirement:	2.2 / 2.8 kW
weight of the machine ca.:	167 kg.
range L-W-H:	750 x 1400 x 1200 mm
