Control type
konventionell

Machine no.
1125-8489063

Make
CAIR COMPANY

Location
Ahaus

Description :

- mobile craftsman piston compressor
- High-quality processed 1-stage compressor block
- with 2 cylinders and optimal efficiency
- Finely ribbed cylinder and cylinder head for optimal temperature dissipation
- low compressor speed to reduce the compression temperature and minimizing wear and tear
- Very low residual oil content in the compressed air thanks to precision piston rings
- powder-coated compressed air tank in RAL 7035
- Built in accordance with the European Pressure Equipment Directive
- all fittings are sealed with easily removable special adhesive and can easily be exchanged if necessary
- the start-up relief takes place via a mechanical vent valve

The standard scope of delivery includes:

- Solid rubber wheels

- a branded pressure switch
- a condensate drain plug
- a pressure reducer
- two pressure gauges

Machine attributes

feed pressure:	10,0 bar
intake capacity:	345 L/min
Effective free air delivery:	228 L/min
Receiver capacity:	50,0 Ltr.
motor:	230 V
power capacity:	2,2 kW
weight of the machine ca.:	51,0 kg.
dimensions of the machine ca.:	800 x 390 x 750 mm
