Control type
konventionell

Machine no.
1125-8489065

Make
CAIR COMPANY

Location
Ahaus

Description :

- mobile craftsman piston compressor
- High-quality processed 1-stage compressor block
- with 2x cast iron cylinders and optimum efficiency
- Finely ribbed cylinder and cylinder head
- for optimum temperature dissipation
- low compressor speed to reduce the compression temperature and minimizing wear and tear
- Very low residual oil content in the compressed air thanks to precision piston rings
- Generously dimensioned solid rubber wheels and castors at the front
- the start-up relief takes place via a mechanical vent valve
- Powder-coated compressed air tank in RAL 7035
- Built in accordance with the European Pressure Equipment Directive
- all fittings are sealed with easily removable special adhesive and can easily be exchanged if necessary

The standard scope of delivery includes:

- Condor pressure switch MDR 3
- a high quality filter pressure reducer
- two pressure gauges
- a condensate drain tap
- pre-assembled connection cable with 5-pin. plug and phase changer

Machine attributes

feed pressure:	10,0 bar
intake capacity:	539 L/min
Effective free air delivery:	377 L/min
Receiver capacity:	90,0 Ltr.
motor:	400 V
power capacity:	3,0 kW
weight of the machine ca.:	80,0 kg.
dimensions of the machine ca.:	1040 x 450 x 850 mm
