© A + B Werkzeuge Maschinen Handels GmbH

**Control type**  
konventionell

**Machine no.**  
1125-8489064

**Make**  
CAIR COMPANY

**Location**  
Ahaus

### Description :

- mobile craftsman piston compressor
- High-quality processed, 2-stage compressor block
- with 2 cast iron cylinders and optimum efficiency
- Finely ribbed cylinder and cylinder head for optimal temperature dissipation
- low compressor speed to reduce the compression temperature and minimizing wear and tear
- Very low residual oil content in the compressed air thanks to precision piston rings
- Generously dimensioned solid rubber wheels and castors at the front
- the start-up relief takes place via a mechanical vent valve
- powder-coated compressed air tank in RAL 7035
- Built in accordance with the European Pressure Equipment Directive
- all fittings are sealed with easily removable special adhesive and can easily be exchanged if necessary

The standard scope of delivery includes:

- Condor pressure switch MDR 3
- a high quality filter pressure reducer
- two pressure gauges
- a condensate drain tap
- a pre-assembled connection cable with 5-pin. connector and phase reversal

## Machine attributes

feed pressure:	10,0 bar
intake capacity:	727 L/min
Effective free air delivery:	582 L/min
Receiver capacity:	90,0 Ltr.
motor:	400 V
power capacity:	4,0 kW
weight of the machine ca.:	91,0 kg.
dimensions of the machine ca.:	1040 x 450 x 850 mm
