

GECAM EASY T (1125-3230011)

Control type
 konventionell

Construction year
 NEU

Machine no.
 1125-3230011

Make
 GECAM

Location
 49779 Niederlangen

The "Easy T" is the cost-effective alternative to the conventional ones grinding and deburring machines. His head consisting of a grinding wheel and a flap brush, can be swiveled by 180°. Thus, a faster Switching between the aggregates possible. Due to the weight-bearing arm the head can be easily moved over the workpiece. The result is one even edge rounding. The pad also prevents slipping of the smallest components.

Furnishing :

- Deburring and rounding of laser-cut or stamped sheet metal parts
- Grinding head, consisting of a grinding wheel & a flap brush, can be swiveled by 180°
- Working area 800 x 1300 mm
- Weighted arm for easy pivoting
- non-slip table pad
- Ergonomic operation of the machine with the help of push buttons "On/Off"
- Grinding head with infinitely variable speed via frequency converter
- Handle for ergonomic handling

Machine attributes

diameter:	150 mm
workpiece length:	1300 mm
work piece width:	800 mm
max. dia. of grinding wheel:	150 mm
turning speed range:	0 - 2830 U/min
work height max.:	945 mm
milling-head swivable +/-:	180°
engine output:	1,5 kW
weight of the machine ca.:	230 kg.
dimensions of the machine ca.:	1435 x 1100 x 1510 mm
