

KUKA KR20 R3100 (1125-3450029)

Control type
Sonstige

Construction year
2021

Machine no.
1125-3450029

Make
KUKA

NEW PRICE: approx. 110.000?

KR Quantec

6-axis robot incl.

KRC4 controller and robot control panel

12m Smart Pad, 3100mm reach,

20Kg payload

External axis module for coupled rotary axis, mathematically coupled

Kuka ArcTech Basic package

Level 2 advanced

TouchSense technology to minimize component tolerances

Kuka Wiresense module

During oscillation, the voltage is measured by the power source and the welding path is shifted if the component warps.

* Function only for fillet welds

incl. Lorch S5 SpeedPulse XT welding unit

incl. automatic torch cleaning station

*Cutting device

*Cutter

*Welding cut-off spray
