

MEP - Vollautomat SHARK 331-1 NC 5.0 Spider MDE (1125-8174119)

Control type
CNC

Machine no.
1125-8174119

Make
MEP - Vollautomat

Location
Ahaus

Equipment:

- robust electro-hydraulic fully automatic band saw (INDUSTRY)
- with additional semi-automatic function, for cuts from 0° to 60° left
- WINDOWS ?CE? based MEP 50 ? control and ?? touch screen display
- * simple and quick setting of all machine parameters
- * with additional soft keys + backlit display
- * 10 programs, each with a maximum of 9999 pieces
- . and a maximum length of 9999.9 mm
- material feed with stepper motor via ball screw
- * single stroke 600 mm repeatable to saw any length
- * accuracy of $\pm 0.1/600$ mm
- feeder with protective cover and safety limit switch
- precise setting of the cutting feed with indication in mm/min
- positioning of the saw head and movement of the feeder using a joystick
- automatic detection of the start of the cut
- large deflection discs, adjustable from cast steel
- Saw blade tension with blade tension control and display

- Hard metal blade guides for maximum cutting precision
- Automatic monitoring of the cutting load
- Vice with quick adjustment
- * with interchangeable clamping and stop jaws
- Large, laterally extendable chip tray and coolant container
- * equipped with 2 electric pumps for lubricating and cooling the saw blade
- * Coolant gun for cleaning the machine
- Chip removal brush for cleaning the saw blade
- Operating instructions DE

Information from the manufacturer:

When installing this saw in the network with
a residual current device (FI),

this should be universally sensitive and not less than 300 mA.
